Corruption is a form of dishonesty or criminal offense undertaken by a person or organization entrusted with a position of authority, to acquire illicit benefit or abuse power for one's private gain. Wikipedia

Corruption is a form of dishonesty or criminal offense undertaken by a person or organization entrusted with a position of authority, to acquire illicit benefit or abuse power for one's private gain. Corruption may include many activities including bribery and embezzlement, though it may also involve practices that are legal in many countries.[1] Political corruption occurs when an office-holder or other governmental employee acts in an official capacity for personal gain. Corruption is most commonplace in kleptocracies, oligarchies, narco-states and mafia states.[2]

> **Kleptocracy (from Greek "power, rule")**
>
> > is a government whose corrupt leaders (kleptocrats) use political power to appropriate the wealth of their nation, typically by embezzling or misappropriating government funds at the expense of the wider population.[1][2]
>
> **Oligarchy**
>
> > is a form of power structure in which power rests with a small number of people. These people may be distinguished by nobility, wealth, education, corporate, religious, political, or military control. Such states are often controlled by families who pass their influence from one generation to the next, but inheritance is not a necessary condition of oligarchy.
>
> **Narco-state**
>
> > Narco-state (also narco-capitalism or narco-economy[a]) is a political and economic term applied to countries where all legitimate institutions become penetrated by the power and wealth of the illegal drug trade.[2] The term was first used to describe Bolivia following the 1980 coup of Luis García Meza

which was seen to be primarily financed with the help of narcotics traffickers.[3] Examples of some narco-states are described below. Other well-known examples are Mexico, Colombia, and Guinea-Bissau, where drug cartels produce, ship and sell drugs such as cocaine and marijuana.

Mafia state

In politics, a mafia state is a state system where the government is tied with organized crime to the degree when government officials, the police, and/or military became a part of the criminal enterprise.[1][2] According to US diplomats, the phrase "mafia state" was coined by Alexander Litvinenko[3]

Is THE MEDIA A PERSON ACTING UNDER COLOR OF LAW FOR PURPOSES OF § 1983? retrieved from link and copied or modified to here

There has been very little consensus on whether or not members of the media can be deemed government actors for purposes of 42 U.S.C. § 1983. However, courts have deemed the media government actors when certain factors are present.

This section of the Comment takes a look at cases that have dealt with media liability under § 1983 in order to determine what those factors are.

There is a trend toward holding media liable for a civil rights violation when there is a close relationship between the media and the government agents during the action in question. This will require a factual determination in each case.

It is clear that the courts will look for some type of an agreement between the media and the government agency-be it oral or written-that provides the media with some special privilege to which other private parties are not entitled.

For example, in Berger v. Hanlon,16 the Ninth Circuit held that Cable News Network (CNN) agents were government actors for purposes of a civil rights claim. 17 The Ninth Circuit found that there was not only a verbal, but a written agreement between the government and the media to engage jointly in an enterprise that only the government could lawfully institute-the execution of a search warrant.1 S In Barrett v. Outlet Broadcasting Inc.,i s the children of a suicide victim brought a § 1983 action against a city and members of its police department, alleging that police employees permitted a news crew to enter the victim's home, film the scene of a suicide and broadcast those pictures on television.

I will later find out during researching my book on the topic, the topic of my life and my family of biological origins, that all three of the four member family or origin, my mother, father, and myself, underwent PsyOps Gangstalk.

Further that this Gangstalk system is run by the Defense Intelligence Agency of MKULTRA and tied to CIA Killings and Black Budgets and Midnight Climax in adult entertainer surrogacies and Free Masonry covert circles.

Plausible deniability retrieved from From Wikipedia, the free encyclopedia and copied or modified to here

Plausible deniability is the ability of people, typically senior officials in a formal or informal chain of command, to deny knowledge of or responsibility for any damnable actions committed by others in an organizational hierarchy because of a lack or absence of evidence that can confirm their participation, even if they were personally involved in or at least willfully ignorant of the actions. **If illegal or otherwise-disreputable and unpopular activities become public, high-ranking officials may deny any awareness of such acts to insulate themselves and shift the blame onto the agents who carried out the acts, as they are confident that their doubters will be unable to prove otherwise**.

The lack of evidence to the contrary ostensibly makes the denial plausible (credible), but sometimes, it makes the denial only unactionable (Obstruction of jusstice, lying to investigators).

> There are a number of specific causes of action, including: contract-based actions; statutory causes of action; torts such as assault, battery, invasion of privacy, fraud, slander, negligence, intentional infliction of emotional distress; and suits in equity such as unjust enrichment and quantum meruit.

The term typically implies forethought, such as intentionally setting up the conditions for the plausible avoidance of responsibility for one's future actions or knowledge.

In some organizations, legal doctrines such as **command responsibility** exist to hold major parties responsible for the actions of subordinates who are involved in heinous acts and **nullify any legal protection that their denial of involvement would carry** [part of the denial of State peeping acts is treating me or my property like a peeper WITHOUT calling me a peeper ever to my face..

In politics and espionage, deniability refers to the ability of a powerful player or intelligence agency to pass the buck and to avoid blowback by secretly arranging for an action to be taken on its behalf by a third party that is ostensibly unconnected with the major player. In political campaigns, plausible deniability enables candidates to stay clean and denounce third-party advertisements that use unethical approaches or potentially-libelous innuendo.

Although plausible deniability has existed throughout history, the term was coined by the CIA in the early 1960s to describe the withholding of information from senior officials to protect them from repercussions if illegal or unpopular activities became public knowledge.

Agaim quoting by Offramp

Predatory Gangstalking is also called "terror stalking", "gangstalking", "flash mobbing", "cause stalking," "hate stalking," "multi-stalking, "happy slapping," "workplace bullying, and "covert war."

The reasons why it is employed?

You found the wrong forum on the internet and saw something you should not have seen; you worked for a company and found out some sensitive information; you got on the wrong side of someone who is a member of the vast satanic or luciferian cabal; etc.

What does this have to do with the field of the paranormal? On a macrocosmic level, preternatural beings are the driving force behind activities such as gang stalking. The destruction of a person feeds them. It also fits in with their overall agenda. People who are victims of gangstalking are people who pose a threat to the goals of the dark principalities.

In addition to being stalked by large groups of people, malevolent/demonic entities may be attacking you in the night, and disembodied voices may be harassing you at all hours. Though seemingly unrelated, all of these subjects tend to be connected.

The goal of Gang Stalking

The *expressed* [including to me Edward Paul Donegan] goal of Gang Stalking is to silence a victim, drive a victim insane and possibly to the point of suicide, or destroy the victim's reputation and believability as the person will likely be viewed as mentally ill should they complain or report the abuse. Gang Stalking is also used to gather information on individuals as well as force individuals to move or leave an area.

Motivations for the abuse

Motivations for Gang Stalking vary. Revenge for a real or imagined offense (People in these organizations are quite petty, mirroring their preternatural handlers); false accusations of a "horrible crime" [or horrible mental disease] of which the victim has gotten away with (Used to discredit the victim and destroy his/her reputation); silencing a corporate "whistle-blower"; defecting from a cult; a perceived enemy of a group or organization; "knowing too much" are all examples of possible motivations.

Or to by repudiably (deniably) irritating and frustrating a person (Happy Slapping normal hapy states) create frustration which appears to the examiner to by psychosis.

> Happy slapping Happy slapping was a fad originating in the United Kingdom around 2005, in which one or more people out of boredom attack a victim for the purpose of recording the assault. Wikipedia

> Buck passing, or passing the buck (from street gantgs to me,) or sometimes (playing) the blame game, is the act of attributing to another person or group one's own responsibility. It is often used to refer to a strategy in power politics whereby a state tries to get another state to deter or fight an aggressor state while it remains on the sidelines.[1]

Further, my brother Thomas Neil Donegan, named after Neil Armstrong, may also have been recruited and developed as Targeted Individual, a "good person," inside the Donegan family who if he worked with covert interests could keep genetic rights and knowledge our genome secret and under his control so that it could be used for Social Justice in new DNA techniques for world good.

I have lost all my adult lifespan to horrific imprisonment conditions which exacerbate, inflame, and grind on, and continue in detention conditions the very sexual, physical, and psychiatric assaults (taunting by actions towards me, physical contact assaults, arguments insane in premise imposed on me, etc.,) which often had originally landed me in custody, myself in self defense against plain clothes State backed COINTELPRO assailants who

denied any complicity and denied they were State planted Agent Provocateurs or Mercenaries from some type of COUNTER-IINTEL function being used on me.

My belief system which I call the Radical Right has been under attack by the US Government.

I call it the Radical Right because it is right wing in that it sees limited role for government, I call it conservatism in social, religious, and economic matters, conserving the use of the power of State to their most limited applications.

The radical reference is in regard to the English and other radicals of the Colonial Revolutionary belief system which represented a break from well established thought of the day. This system I propose returns to Classical Greek Natural Law philosophy rather than Christian influenced Neoclassical-ism. The breaks with Neoclassical-ism are along several lines, one of them being rejection of religious fundamentalism, either Islamic or Christian, which is Revelation scriptures based, and instead move to an inductive learning growing society based in Modernity, progressing.

We do not have an established religion so I do not embrace The Ten Commandments as foundations in US law as the Religious Right do and while I recognize the West as a distinct hemisphere and interest in history in today's society I believe we, the U.S., ought to sail with the crew we have, cling to Natural Law Philosophy as a means of governance, and for all new borns and immigrants this philosophy ought to be taught as our system of government, and that if a person newly taught to this Western heritage it ought to seem natural to believe in it. Of course our way of life respects freedom of speech and opinion and views will and of course are allowed to vary.

This view of the world and philosophy does not represent the Progressive Left, though the progressive elements are similarly Liberalist, nor is it the view of the Religious Right.

This legitimate viewpoint of mine has been subject to harassment, infiltration, and in my own case kidnap, as the mental health system has been used outside of its lawful role.

Those holding disdain or opposing views have defined me as a harassment and false arrested me into the mental health system.

These strategic arrests for my lawful activities have accomplished three things for the government.

1. Prevented or forestalled any political activity of mine for the time I have been under arrest.
2. Defamed me as mentally incompetent.
3. Made me vulnerable to my political adversaries as I have subjected to provocations under hostile or psychiatric circumstances, forcing me into unwanted debate or interviews.

This has been a politically motivated conspiracy against my rights and a disruption of the legitimate Radical Right wing in politics.

I tried to file Freedom of Information Requests from the National Institute of Health and Department of Energy which would have likely supported my claims the junk science of the Human Genome Program was politicized junk science, conducted without scientific standards, and that the HGP junk science created unfair and destructive racial policies.

A blend of witness tampering and conflicts of interests placed me under arrest for "harassing and annoying phone calls" which were in support of my FOIA requests and FOIA appeals which were not returning the documents I requested.

The NIH used its health care power and the PHS DOD element of it (see Prosecution for the Defense) to place me and my views under PsyOps and covert actions scrutiny and disruption ever since.

See EPW (Enemy Prisoner of War) on this link, and note also this quote from The PSYWAR

> Psychological Operations (PSYOP) or Psychological Warfare (PSYWAR) is simply learning everything about your target enemy, their beliefs, likes, dislikes, strengths, weaknesses, and vulnerabilities. Once you know what motivates your target, you are ready to begin psychological operations. (from psyhist)

"Psychological Warfare (PSYWAR) is simply learning everything about your target enemy, their beliefs, likes, dislikes, strengths, weaknesses, and vulnerabilities. Once you know what motivates your target, you are ready to begin psychological operations [of becoming the alternate choice for the Compromised and Absent original.]"

While I was held in custody undergoing involuntary interviews with NIH psychologists and psychiatrists, things I represented and spoke of while explaining and justifying my views to the National Institute of Health were being co-opted into the Obama Biden presidential campaign.

Barely clinging to homeless and homeless shelter living conditions, under constant death threats of knife attacks from incited and paid skid row assailants, I have long thought a true CIA Blackwater hit was out on me, Disposition Matrix, in part, because the people who have been threatening to kill me say they are connected to Secret Service, CIA, FBI, or others.

- Elder in the System harmed by the fake allegation, retaliation

These are so called "Tawana Brawley" fake allegations hoax claims against me created by the SJWs of minority protection services.

Human Trafficking is the result, the framed person is used to fertilize others as penalty.

The people who want to plead me guilty to raping Tawana Brawley I can not only get rid of they state they will kill me as social justice and also claim to manage my DNA for me.

Don’t think that homeless shelters assaults are where the betrayal is most tangible. Many think they are truly fighting a white supremacist and they have been harmed by white supremacism or they think they are fighting a pedophile who has harmed children, and like Darth Vader, they can bypass debate in the Senate and just do the deed when no one is looking like the cops want them to do.

In fact my record, my real existence, the truth of me has no connections to white supremacy or teen or other such interests, if every I downloaded a teen in bikini or less porn image it was more just on random fluke or variation.

As for "white supremacy" I have spent 35 years at least being attacked by the needy, often blacks or gays, and trying to figure out why they were doing it both by researching my family history and Nazi ties and also studying how and why people, the needy, sought to benefit from the fights they were in with me, claiming a Social Justice higher moral ground and my calculating what they might need or want from me if I am blamed for the fight.

Evidence of such, the appearance I am either of those things is the result of a Gangstalk.

Gangstalks are the use of Mercenaries, those Targeted for espionage activities, which are political in nature. They plant a to near me and someone else takes a picture when I coincidentally seem to be answering some unexpected telemarketer call on my smart phone at the same time.

That mere appearance is used politically later behind my back to deny me housing, employment, even income, as I seem to be a fraudster harming people and my life needs to be disrupted.

Those ties to a survivable life, housing income, social fabric and social support, a family of my own and political, business, sexual, and artistic, housing my entire life is eroded away because of the Rumor Mongering the inculpating evidence plants created.

Much of the evidence up sold. Start with an incriminating photo in public out of my control then use it to get me tanked, behind my back with psychiatric evaluators, legal professionals, others, and get them to compound that manufactured evidence with their own findings based on the bad evidence used without me present, and from that unjust abuse of process detentions for me disrupting my during the detentions and making life with the civil detention records sheet impossible for future life.

In the little time I have had in dangerous conditions housing experiencing evidence plants, a turkey in the air dripping in the sweat of exhaustion, I have analyzed the events of my life and the gang stalk of me.

And I have followed the money. The black money of black markets and black market genetics for designer babies.

I didn’t have access to others bank accounts but I did find the cars paid for by the black market genetics bearing the license plate “Beaker” along Twitter and other accounts I found

hinting a white supremacist caught in some trap is having to pay up with his DNA for harm to females.

The press has watched and participated in the conspiracy this book outs.

I will die in flight, a turkey who can not out-fly superior aggressor criminal forces acting under State power.

The Social Security Administration is one such group. Tampering with Social Security Numbers and being involved in failed Due Process as covertly my Social Security is dropped on fraud allegations, fraud by others, alleged behind my back to me.

These acts of others including harm to children is used to deny me both housing and income for housing and will bring about my death in a homeless shelter as some mercenary takes the matters of me into his own hands.

I have seen this process used before on many others.

That is the path as I can best navigate a survivable life path. While in the homeless shelter it will be concluded I have no cognitive capabilities and nothing of any value I can manage so I will pickup an asset manage while I am in there, the usual fatal attraction asset manager who is interested in my gaining my family biological assets and doing so by harming me and pretending disinterest or pity upon me, or event feigning anger at me for alleged conduct at the same time as they fawn over my and say they want my baby.

In fact a secret interest in my genome and fake rights to that genome, through violence against me, is what this book is about.

Black money of human genome trafficking in illegal and felony controlled black markets.

This book also completes the research, my research, into these attacks as based on the Government and former government workers need to coverup the ongoing and disastrous scientific Bluderlanch started by Sidney Gottlieb and now in a growing sapient coverup disaster.

Wikipedia quoted here from link

An avalanche (also called a snowslide) is an event that occurs when a cohesive slab of snow lying upon a weaker layer of snow fractures and slides down a steep slope. Avalanches are typically triggered in a starting zone from a mechanical failure in the snowpack (slab avalanche) when the forces of the snow exceed its strength but sometimes only with gradual widening (loose snow avalanche). After initiation, avalanches usually accelerate rapidly and grow in mass and volume as they entrain more snow. If the avalanche moves fast enough, some of the snow may mix with the air forming a powder snow avalanche, which is a type of gravity current.

I am not looking for a Win Win here. Too much has been lost. I am seeking a Lose Lose. I have no shame in looking to the enemies of the USA, enemies of the people of the USA, and enemies of the media of the USA.

I am one too. Intellectual, morally, spiritually, and tactically. This nightmare of hate crime against me as I lay in a medical emergency in the gladiator pit was too interesting for the Illuminati to ever stand down from.

The difficulty I have faced is not the legitimacy of my fight but that the stadium I fight in is composed of feeces and any ladder out of this arena can not support my weight.

If fact the USA is built out of lies and my existence a fact the substance of which the fecal spray of the USA must coverup if the feeces is to appear the greater substance.

The facts have been on my side all of my life and they have always been covered over by the lies which form the spray onto me, powered by the fan.

I have been offered a fight with aggressors. All during my life I have weighed taking it.

Mostly I did not. Some day I might. But for those already at war with the United States I applaud them and reason they too are victims of a USA which has lost its mind and now is in a desperate coverup by creating disasters around the world including the USA, Australia, Ethiopia, and other locations.

I am proud and confident a Quoran is in my home, and I find it a force of justice in the world, a source of wisdom learned over centuries of a wise people in rational pursuit of fairness and truth.

One of the most fundamental and truly terrifying parts of my life is 30 year long struggle ever even to be identified as Edward Paul Donegan.

There is always the Doppelgänger or identity theft at every moment of my being alive for thirty years and even at places like the Department of Motor Vehicles, court clerks office, gym, or other locations like detention, always the video is down or being serviced by some security company and it seems there is no record of who was realty at the window or booking desk or applying for the drivers license or in which unit of an apartment or hotel.

I have considered myself a stateless citizen of the USA on that basis and if I cant be identified as Edward Paul Donegan ever than any protection of my assets as myself is impossible or protection of myself from the liabilities of impersonators is impossible.

It is in this most basic struggle, to be correctly identified, I have lost every battle of my life and I will die losing exactly that same struggle, likely misidentified, to history, and to family genealogy, the person who never was actually Edward Paul Donegan.

The sequence of my life is that I had been harassed in society (I later found it was called a Gangstalk) which had in defensive acts kept landing me in Psych Wards ond therefore OUT OF the workplace.

During that time my Speech Spasmodia was routinely described as Bipolar Disorder and my repeats to psychiatrists of being stalk as paranoid delusions accompanying the Bipolar (pressured) speech, rapid speech.

Further my doctors and lawyers were maneuvered away from me to replacements stalkers wished, I believe placed there by the DARPA Brain Program/

Violent attacks on me including in my home and to my property by "irregulars" of contractors like Blackwater have made up every moment of my life.

The racketeering of property from me and the Gagnastalk of me hits a crescendo at the critical time of Honor Flight DCA< the death of my father, and the Gangstalk created of Fox News misrepresentations of the entire program and me.

I will add into this chapter for a long time to come but in short my resources were robbed, I was denied any food or income, and driven into a US DOD institution which with blatant racial malice diagnosed me as "unable to think for himself" and began during that physical assaults on me " in the study of racism" which has long been USA policy including by active intruders into my home and other physical attacks.

2011 had been tough for me was being stalked, given death threats as my mother was, we were going from window to window of a small Arlington County Virginia apartment trying to figure out where the noises were coming from outside as we were in the apartment. She would panic and shake at any sound in the apartment begging me not to deflate Pepsi bottles prior to throwing them away so if they popped back she would not become scared.

As I was taking to hospital appointments I was working on Political RIghts.US which Megyn Kelly seemed to be reading aloud on Fox News as her legal knowledge: Brandeis and Sunlight is the Best Disinfectant, Opposing Speech is the best remedy, Areopagitica was a Free Speech "polemic" but all this was Christian evangelism.

She did the same thing with Honor Flight DCA when 2 years later my father died and I was celebrating, documenting his and other WWII veterans at the WWII Veterans Memorial including Ronald Reagan, to Liberate, not to conquer.

At this time I also faced A1c 13.3 diabetes and had no money for medicine or lean meats and was in a headlock trying to get needed recovery capabilities.

Brandeis had a special meaning to me. Both my father and I doubted modern Isreal's rights to expansion, suspected Isreal's role in the attack on the USS Liberty, but were always humbled by the intellect and morality of people like Brandeis, the greatest Zionist of all time.

I have been in my private and public life, public and private writings, the defensive target of foundation-less privacy violating stalk of those like her with the power to move followers away from my devalued and now commonplace works.

> “Gang Stalking” is, very likely, a disinformation term created by U.S. intelligence agencies. It refers to the **intense, long-term, unconstitutional surveillance and harassment of a person** who has been designated as a target **by someone associated with America’s security industry**.

> Such operations have nothing to do with criminal gangs. Official domestic counterintelligence operations of this type are - apparently - perpetrated by federal agents and contractors, sometimes with the support of state and local law enforcement personnel. The goal of such operations - in the parlance of counterintelligence agents - is to **“subvert” or “neutralize” an individual** deemed to be an enemy (or potential enemy) of clients or members of the security state. Arguably, the most accurate term for this form of harassment would be “counterintelligence stalking.”

The liabilities in stories allege to someone similar enough to substitute me into the story, and my assets in use by others, Fox News broadcasters, fit a system of subversion I call "Assets Down Liabilities Up" in which the my assets are utilized without attribution as they aldo build themselves up and portray me as inferior to them.

Subversion at Honor Flight DCA

I saw some activity I found suspicious at HF DCA which was the presence of a black female who was tied to the US Marines and the Labor Dept (Tom Perez) and was sort of "two seconds after rule" bating me, everything I did was told to me as what to do, a long pattern including Fox News promoting the use of Capoff steak, etc., which I used to use from Costco.

what I now know as Subversion techniques were used. Teens including cheerleader tunnles were formed, who cares, everyone went through, then everyone moved away from me, as my phone did which I had been using to get film for my videos 1- 6 or so.

It turns out my phone went with an impersonator to Syracuse New York to be inspected by Hispanic Rozzaolinda dominatrix, who I had already contacted and had an S and M session under plans for. Upon her likely finding teen porn someone on my phone (which I wouild have nothing to do with by my phone went messing) she likely in some way claimed or was told then said I had been using the phone for teen porn.

In classic fashion of Gangstalk nothing was said to me but behind my back I was isolated,, denied Cyberlink money for the video software, the audiotrack bands made a point to claim

the works I did as video (Metallica along with Joe Biden, Enya who after the fact added in a video line similar to my family) as I was left homeless to die in cold without food or medicine even for normal non diabetic life.

Of course it was all behind my back so it worked.

It seems a series of complaints, led my Megyn Kelly, led to a total shakeup of Foxews which moved Liberty University into the broadcast booth. At the same time Megyn Kellly backed religous part black Michelle Fields from Breitbart take down Corey Lewendowski and move Manafort into the Trump campaign, Manafort later indicted for "trying to help fledgling Europeans, including Turkish, democracies if you call them that and all this during Benghazi.

I have watched all this in custody including about two years in various pscyh wards always hoping when I got out the press could help me fight this, later though, I was to find the Press was a participant creating the false coverage, the fake news, the denials of truth and plants of lies, that create the false reality all of this operates under, making me seem the predator RATHER than the Illuminati, but it achieved behind my back or through impersonators of me, misresentations of me, or forgeries of my identity and agreements, or planted hacks in the news business or courts.

That has simply left no recourse left as "Pizzagate" the impersonator of me blackmailed because he photographed teen models, a CIA operation and black budget, is suupported by the press.

that use of 0 was more than Paganism and science and the Universe. It was also rage at FMC Butner and other places, and the evil of State abuse of power and Pschiatry, and how WW II was in my mind a Stonehenge about the defeat of those vary activities, yet even in that, the Masons and abuser of powre and my family won out, and the depth of my rage will neither be meausred or assuaged, It is out of what you have experienced, only what you have done, and and out of your league

My life has been my being subverted in everything I have done, positive, like recovering from Diabetes and posting everything I know good and bad so anyone has the information, to greeting vets, but I am not able to overcome the evils of others , those who abused those organizational activities, nor undermined my positive participation in those things.

At the very center most of this evil I consider the Mason, Abbot, the Busch family, Paxton, Megyn Kelly, Scot and Mike Foval, many others trying to bury my life and me with criminality.

The power these people have at the top of the paramid for crime is why they are their, because their crime is to destroy the evidence they are criminals, and I suspect that even with William Barr helping rehabilitate the Seattle PD Chief who surrendered the police precinct to riots.

I have known I should not fear any activity of my life, but the Dopple is always there, and I am blamed for him, a US Military operation to break my eggs and also make some Illuminati Christian or Baptist omelet.

I have provided extensive evidence all my life I am being "tanked" by frame jobs but the top of the pyramid orders the frame jobs and the bottom of the pyramid.

James Comey or Jeff Sessions, and others too most likely, had not willing to to comply with "playing ball " a little, some illegal programs here or there.

To abuse power it is necessary to get in control of it and these families tied to world events have that power, and that is why a law abiding citizen like myself a crime victim has no recourse against the Bosses who order deniable mob hits.

The public has been given A Piece of the Action of shaking me and my family line down, and how they do like the action.

I had been learning computer skills on my free time since being on disability, actually I had many corporate telco systems computer skill like working on worldwide networks of Cisco

and other routers the size of refrigerators linig high security data centers but now it was time to write simple HTML for right wing causes just like Web High Priest Matt Drudge.

My mother had encourage me to stay on disability I had been granted (for bipolar disorder which I refute) and simply considered Social Security retirement until it does become that.

Oddly that stopped as did my trust fund, without explanation to me, but I later figured out another event caused others to believe I was in unethical acts and this applied Honor Flight DCA and also my apartment in Clarendon Courts, and area of Arlington Virginia.

Scam Part I

A lot of people liek Michelle Obama's staff and Blue Star Families I was told had to do with miltary losses much like the Gold Stars, those who had lost their lives, and lots of children arrived.

During all this my phone was stole and I was as always legit good activity but with my stolen phone or some phone of others minors were exoloitively photographed and a person impersonating me and forging me email too confessed in NYC to exploiting minors at HF DCA.

I did not know the entirety of the scam which uses phone allegations behind a person's back to get that person blackballed, but I had some clues to the various parts of that that were occurring such as a cc to me on one of the emails with the forged headers which I was able to examine and archive.

Scam in Part II

People were taking me clothes out of laundry, adding child's underwear in, and saying things like "your adult entertainer is on the way" in ways that actually were ambiguous but still intoned and ambiguous.

In fact impersonators of me were seeing adult entertainers, and the impersonator of me was confessing to child abuse or child porn, and being blackmailed by the adult entertainer. The rumors emanating from the dopples acts sabotage me behind the scenes with people like the Trust Fund or Social Security Administration in a "quandary."

They were likely shown the confession of the dopple who could not be stopped from exploiting children at events I was also going to, and thus others would decide to make it impossible for me to be at events thus my SSA and Trust Fund were shut off w/o cause stated to me, since it was likely calculated bt SSA and Trust FUnd they did not have a LEGAL way to prevent my access to HF DCA or other decent places of decent people.

The desperate situation of my fighting to get SSA and Trust Fund back led to my being arrested over the fights resultant from the damage the scams were doing to my life.

My confrontations of those, one neighbor in particular, led to me being arrested and held in US Dept of Defense Psych Ward, a very hostile diagnosis of me, my eviction from my apartment, and a long period of homelessness unable to rent.

But for the intervening event of a dopple creating hostility towards me I would not have been in the fights nor blamed for them nor the institutionalization nor later homelessness nor later the record of all that continuing against me.

The core element is that I have been showing the consequences of this are very lethal conditions imposing to me but result from fight picking by dopple based fight picking with me.

In short the RICO scheme money laundering my genome by blackmailing an impersonator is not only denying to me the value or true story of my genome but silencing me as witness to that criminality by subverting my success, diverting it and the resultant following of me, to others.

My attempts to "hip" the media to this, that no civil, moral, or criminal liability should be acrued to me is rejected by the media who in fact continue to brook and even add to the co option of me leading to me having no followers.
